Commanding Officer

INTRODUCTION

1. **PQS PROGRAM**. PQS is a system for qualifying enlisted personnel to perform certain duties. It is a compilation of the knowledge and skills required to qualify for a specific watchstation, maintain specific skills or perform as a team member within your CPO mess. The PQS program is not designed as a training program, but provides many training objectives. This PQS was written by fleet CPO's who are currently performing in the watchstations covered in this package and with many years of experience. They have determined that these are the minimum requirements for safely and effectively performing at these watchstations.
2. **CANCELLATION**. This PQS cancels and supersedes all obnoxious ideas you have about being a Chief Petty Officer.
3. **APPLICABILITY**. This PQS is applicable to all Prospective Chief Petty Officers (PCPO's)
4. **QUALIFIER**. The PQS qualifier is designated in writing by the Command Master Chief to sign off individual PQS line items. Qualifiers will be fleet Chief Petty Officers, Senior Chief Petty Officers, Master Chief Petty Officers, the Commanding Officer, and the Executive Officer when required.
5. **REFERENCES**. References are not indicated because only Officer's and lower Enlisted Ranks require references.
6. **TRAINEE**. You will complete all watchstations! If you have any questions or are unable to locate any references you will fail. GOOD LUCK!

ACKNOWLEDGMENTS

The PQS Development Group acknowledges the following personnel for their intricate and time using contributions to this PQS development:

MLCS(SW) "SAWDUST" Steed

SHC Susan "ROTGUT" Rodguez

HMC Valerie "M&M" Masters-Moore
